MineROQ Team

Email Setup for MineROQ

The email system for MineROQ is now fully set up and configured for production.

**We are using a single mailbox:
system@netroq.com**

The following addresses are configured as forwarding aliases and should be used where relevant:

**info@netroq.com
support@netroq.com
legal@netroq.com
rfq@netroq.com
noreply@netroq.com**

All incoming emails are routed to the main mailbox.

SMTP Configuration (mandatory)

All system emails must be sent via SMTP:

SMTP host: smtp.ionos.de

Port: 587

Encryption: TLS

Username: system@netroq.com

Password: Kkg*GZnx9\$D%wG3

Sending Logic

Use rfq@netroq.com or noreply@netroq.com for system emails (RFQ, notifications)

Use support@netroq.com for user-facing communication

Set From Namedepending on context:

MineROQ RFQ

MineROQ Support

Set Reply-To:

default: support@netroq.com

for RFQ: user email (if applicable)

Enable email logging in WordPress

All forms must include spam protection (e.g. reCAPTCHA)
